TECHNICAL BULLETIN

Sarnafil Express P.V.C. Membrane System

ARCA Warranty Ltd. is pleased to announce that on April 30, 2003 the Board approved a Technical Committee recommendation to issue the five (5) year Certificate of Assurance for the new "Sarnafil Express" P.V.C. membrane system. This engineered roofing system incorporates the 3.0 meter wide Sarnafil P.V.C. membrane, polymer batten coils and double weld membrane laps. The "Sarnafil Express" system replaces the existing Sarnafil Specification No. 5, Insulated, Single Ply, Mechanically Fastened System contained in the Good Roofing Practice Manual for conventional roofing design.

Feel free to contact ARCA administration if further information is required with the Sarnafil Express system.
