TECHNICAL BULLETIN

UNICRETE LIGHT-WEIGHT TILE

ARCA Warranty Ltd. is pleased to announce that the Board on October 27, 2004 approved a Technical Committee recommendation to accept Unicrete's Light-Weight Concrete Tile, when fastened to wood battens, for issuance of the ARCA Warranty Ltd. five (5) year Steep-Slope Certificate of Assurance.

Application standards shall be in accordance the minimum requirements outlined in Steep Roofing, Division 7, Section 3-Concrete Tile Roofing of the GRP Manual.

Please feel free to contact ARCA administration if further assistance is required with Unicrete Light-Weight Concrete Tile.
