TECHNICAL BULLETIN

WARRANTY CERTIFICATE PROGRAM RESIDENTIAL ROOFING DEFINITION

At the June 25, 2009 ARCA Warranty Ltd. Board of Director's meeting, the Board approved a member's recommendation to revise the wording of the Warranty Certificate Program's residential roofing definition as follows:

Residential Roofing

A residentially occupied building of four (4) units or less with a total finished roof area not exceeding 372m² (4000 ft²), including garages, carports and out-buildings located on the same site and under one (1) contract to an ARCA roofing contractor member.

Please contact ARCA administration if additional assistance is required with this change.
